

# Angels and Demons

## How To Deal with The Supernatural

### AT A GLANCE:

WELCOME to our explosive series, Angels and Demons. In these next four weeks, we will learn how to fight our spiritual enemies and win.

Talk 1 is about *Temptation*.

Talk 2 is about *Superstition*. We'll also learn answers to the question, "What should we do with the Horoscope, Palm Reading, Feng Shui, and Harry Potter?"

And Talk 3, is about *Oppression*. Is there such a thing called "Spiritual Oppression" where demons make our life difficult?

### AFTER THE SERIES:

We should be able to discern how our beliefs affect our behavior. And how the Devil thwarts our efforts to live a life in full with the Lord.

## Talk 1: "Temptation"

### WHAT IT'S ALL ABOUT:

Talk 1, Temptation, reveals that temptations don't cause you to sin. Instead, a weak spiritual immune system causes you to sin.

No, this does not mean your lack of religiosity. A strong spiritual immune system isn't about religion but about relationships. Specifically, loving relationships. To make your physical immune system strong, you need nourishing food. To make your spiritual immune system strong, you need nourishing love. And when your spiritual immune system is strong, it'll be more difficult to fall into sin.

#### Personal Reflection and Group Discussion:

*Based on the message you heard,  
how can you overcome temptation?  
Reflect and share your experiences of  
overcoming temptation in your life.*

### I. REVIEW THE KEY BIBLE VERSE

**Read** together the key Bible verse: *Therefore, there is now no condemnation for those who are in Christ Jesus...* (Romans 8:1)

**Remind** members: Condemned people act in a condemned way. Forgiven people act in a forgiven way. You're better than you think you are.

### II. ASK FOR REACTIONS AND REFLECTIONS

**Bring** members down memory lane to help them remember beliefs they imbibed which have affected their behavior that led them to failures in life, or eventually to sin.

**Ask** if ever they have changed such beliefs, and how.

In the next meeting, **remember to follow up** members about their concerns.
